

## Anti-bullying week

On the week of the 14<sup>th</sup> November all classes took part in anti-bullying events. We looked at our school bullying policy and allowed children to contribute to the definition and acts of bullying that could happen in school.

We looked at feelings and how being bullied could make you feel. We had Sue the storyteller in to help the children learn that our words can be hurtful.

# POWER FOR GOOD

#ANTIBULLYINGWEEK

Children also focused on **Power for Good** helping them to recognise that they are powerful and what they can do if they or others are being bullied.
