

# Learning Log Homework – Pharaohs

Date Set – 22<sup>nd</sup> June

## Focus – Time Traveller

**Research** – Have you ever heard of Howard Carter? What’s his connection with Tutankhamun?  
See what you can find out about these two men and their connection.  
It is claimed that those that entered the tomb of Tutankhamun would be cursed. Based on the evidence that you find out, do you think that this is true?  
Create a timeline of events relating to Howard Carter and his discovery. You could also create a fact file about Tutankhamun and some of the curses that are believed to have protected his tomb.

**Research & Create** – Ancient Egyptians were great believers in the afterlife. What is the afterlife and why do you think ancient Egyptians believed in it so much? Was there a god that represented the afterlife? What did ancient Egyptians believe that you had to do in order to reach the afterlife? What was it like in the afterlife?  
Find out a bit about their beliefs. Once you have noted some facts, you could have a go at creating a death mask and/or a canopic jar; both of which are connected to the afterlife.

**Research** – You’ve carried out some research on pyramids. Did you research anything about how pyramids were constructed? What physics were involved in how they were built? Did it require balancing? Have a look at this investigation:

<https://www.sublimescience.com/free-science-experiments/balancing-can-experiment/>

Was your investigation successful? How did the can manage to balance? Record your investigation perhaps with photos or diagrams and understand the reason why the can balanced. Would it make a difference if the can were bigger/smaller? Is there a force acting on the can? See what you can find out. Remember to include scientific language and let me know how you get on.

## Self - Assessment – Pupils tick where you think that you are.
